STUDENT AGREEMENT

Please state your preferences as clearly as possible. We cannot give refunds for problems that have arisen as a result of students giving incorrect or incomplete information. Living with a host family requires effort from both sides and if you have a problem with your homestay, the best thing to do is to talk to the family about the problem. **If you want to move out, you must give two weeks notice.**

We will do our best to accommodate your preferences, but cannot guarantee that you will be placed within a certain distance of the city, or with a family of a particular nationality. There are many different kinds of family in Auckland and all of our homestay families have been visited by a St George representative to make sure they provide a caring and English-speaking environment for our students.

The \$200 arrangement fee covers placement in a homestay and liaising between the family and the student (by telephone and email only) if necessary. If you move homestays after the first two weeks you will need to pay this fee again.
