

St George Institute of Learning

At St George we believe in quality

February 2008

New video available on St George website

We have a new video on our website showing images of New Zealand. Visit

www.stgeorge.ac.nz and click on 'About New Zealand' to see images of our beautiful country.

New students

We have many new students from Thailand, Uzbekistan and India arriving next month; this will enhance the mix of nationalities at St George. We look forward to meeting our new students.

Devonport trip

We had a great trip to Devonport and North Head recently, catching the ferry across after class on Friday.

From the ferry terminal, we walked between the sea and some beautiful old villas to get to North Head (Maungauika), one of the old volcanic cones in Devonport. Our hot walk in the sun was rewarded by panoramic views and a maze of tunnels to explore on North Head. North Head was used as part of Auckland's coastal defence system during WWI&WWII and still has fascinating tunnels, underground rooms and old guns from this time. After exploring the tunnels and caves we paddled at Cheltenham beach and had ice creams before catching the ferry back to Auckland.

Student lounge

We have a new student lounge with a big flat-screen TV for students to watch English language DVDs on. It's a great place for students to relax, have lunch and maybe pick up some new English expressions.

Next intakes

Hello I'm the new teacher at St.George. My name is Stellan and as a real kiwi I'll be teaching English in a fun and friendly way.I look forward to helping you find confidence in using English and setting your goals with English in your future!
