Good Bye to Tina, our lovely student from Thailand

Good bye to our special Thai student Tina (Torsakul Thitima). She was with us for more than a year. She joined our school in 2004 and always maintained a high attendance rate during her stay.

She was well-liked by staff and students because she has a kind and generous personality. She is always keen to be involved in activities and wants other students to know about her background and especially her country. Tina became an important part of the school and it has been a great pleasure to have her in the classes.

Unfortunately she has had to leave us and go back to her own country to help in her family business. A small farewell party was organised to wish her all the best in her future. Her teacher James and her classmates regard her with much genuine affection and will miss her greatly.
